

Historical Installer Cost Guide

Independent contractor installation pricing reference

Historical rates are provided solely for general budgeting. Actual pricing is independently established based on project scope, location, site conditions, labor, and complexity.

INSTALLER RELATIONSHIP

EZ-FOLD-A-DOOR manufactures and supplies folding door systems; it does not provide installation services. All installation services - even when an authorized independent installer is referred by EZ-FOLD-A-DOOR - are provided independently. The installer establishes pricing, scope of work, scheduling, contractual terms, and workmanship obligations directly with the customer. EZ-FOLD-A-DOOR does not set, guarantee, or control those matters.

Historical installation rates				USD / SQUARE FOOT
01	02	03	04	
\$29 PER SQ FT Single unit No demolition No concrete cutting	\$39 PER SQ FT Single unit With demolition With concrete cutting	\$24 PER SQ FT Multiple units Same site visit No demolition or cutting	\$34 PER SQ FT Multiple units Same site visit With demolition and cutting	

Project considerations

OPENING MODIFICATIONS	STRUCTURAL HEADERS	INSTALLER-SUPPLIED MATERIALS	BREAK METAL AND TRIM	PERMITS AND PROFESSIONAL FEES
Costs vary based on structural conditions, finish work, access, and extent of modification.	Priced separately and subject to engineering requirements and existing construction.	Installers typically furnish waterproofing, anchors, fasteners, shims, sealants, and standard consumables unless otherwise stated.	Flashing, interior or exterior trim, and finish-work charges vary by site conditions and project scope.	The contractor normally obtains required permits. The customer reimburses permit, engineering, drafting, plan-review, inspection, and associated costs.

HISTORICAL PRICING NOTICE
Rates are not guaranteed, fixed, or manufacturer-established. Final pricing is independently determined by the installing contractor after project review.
